1000 μ l PIPETTE TIPS

PROVEN &
DIVERSE

Universal

The versatile 1,000 µl tip is available in a Bag, Box, SingleRefill or StackPack. Choose between our PCR Performance Tested and Biosphere plus purity grades as well as low retention options.

Reliable DE-M

The proven tip design in our new, innovative box system combines well-known design and revolutionary handling. The precision and reliability of our tips conform to the international test standard ISO 8655-2, making them the perfect partner for your pipette.

Extended range

The 1,000 µl tip is now also available in our StackPack design. This allows for fast processing directly from the StackPack and uncomplicated refilling. The SingleRefill combines simple box reloading with maximum protection and purity.

TOP TIP Identification at a glance! In addition to the familiar color code of the trays, you will now also find the most important information about the tip directly on each tray.

Ordering information
