● = compatible
10 = reduced pipetting volume
✗ = not recommended

= not checked
MC = multi-channel pipette

Pipette manufacturers revise or modify the pipette cones on their pipettes as part of technical changes. Our recommendations in the compatibility table can therefore only be taken as a guide. In case of doubt, we are happy to provide sample tips to you free of charge in order to ensure the optimal fit and performance of our tips with your pipettes.
