Los fabricantes de pipetas revisan o modifican los conos de pipeta de sus pipeteadores como parte de sus cambios técnicos. Por tanto, nuestras recomendaciones de la tabla de compatibilidad solo pueden representar una orientación. Para poder comprobar, en caso de dudas, el comportamiento óptimo de paso y expulsión de nuestras puntas con su pipeta, podemos facilitarles puntas de muestra gratuitamente.

● = compatible
 ● = volumen de pipeteado limitado
 ✗ = no recomendado
 □ = ninguna prueba realizada

MC = pipeta multicanal

Este folleto puede contener información de productos que podrían no estar disponibles en algunos países. Modificaciones técnicas reservadas. BRO_40_809_0500_802_NF
