### **Material & colours**

Colour of product                      light blue

### **Purity & certification**

Product category                      Medical device  
CE certified                              CE 0124 (DEKRA)  
Purity standard                          sterile  
Sterilisation                              Gamma irradiation  
Batched                                    yes

### **Packaging**

Minimum order qty.                    1200  
Type of smallest                          case  
subpackaging  
Piece(s) / inner box                    200  
Piece (s) / outer case                  1200  
Piece(s) / pallet                        108000  
Depth of box                            118 mm  
Width of box                            118 mm  
Height of box                           151 mm  
Depth of case                           366 mm  
Width of case                           248 mm  
Height of case                           173 mm  
Case volume                            0.0157 cbm  
Weight of product                      0.0028 kg  
Weight of case                           4.08 kg  
EAN of inner box                        4038917085021  
EAN case                                4038917057622
